

February 6, 1974

if you would make your motion to suspend the rules to introduce the bills and then bring up the introduction of the bills.

SENATOR KENNEDY: I appreciate that very much Senator Duis, and I will if it needs to be corrected, ask that now that we have voted to suspend

(End Belt #1)

(Start Belt #2) Malfunction of machine.

the emergency clause vote aye, all those opposed vote no. This is the motion only to add the emergency clause, thank you the Clerk will record.

CLERK: 26 ayes, Mr. President.

PRESIDENT: The Emergency Clause is added. What other amendments do we have on the desk?

CLERK: That's all, Mr. President.

PRESIDENT: Now, Senator Clark...or Carpenter, does somebody have one that they want removed. Does the Chair understand that?

SENATOR CLARK: I'd like to have the E & R Amendment removed, which was the Carpenter Amendment.

PRESIDENT: Standby. The E & R Amendment.

SENATOR CLARK: Well E & R changed his amendment actually. If we just remove the Carpenter Amendment.

PRESIDENT: Well, we have a problem. We've already adopted those E & R Amendments.

SENATOR CLARK: Well, I want to remove it.

PRESIDENT: OK, you want to move to a strike amendment is that right?

SENATOR CLARK: Yes.

PRESIDENT: Senator Clark is now moving to strike the E & R Amendments which we just adopted. Does someone want to speak to that motion? Senator Carpenter?

SENATOR CARPENTER: I only want to speak, Mr. President. I have no objection, when the matter was discussed the other day it was understood that as far as I could interpret. That when the bill got here we would strike that from the bill on Select File and probably the Legislature was considering introducing another bill which I have prepared to do the same thing. Now the bill may not be in the form you want it to be in individually. It's only a bill that can be changed by 25 votes in anything that you want to do. So I hope later today that you will allow me to introduce the bill as I understood you might be willing to do.

PRESIDENT: Now, with that understanding what is the body's wish then on striking the E & R Amendments? OK, now actually in this instance the E & R Amendment and the Carpenter Amendment are the same thing. The question is, the motion is to strike the E & R Amendments, which in essence are the Carpenter Amendments to LB762
